

**Charge transfer to solvent identified via dark channel
fluorescence yield L-edge spectroscopy**

Emad Aziz

BESSY, Helmholtz-Centrum Berlin, Germany

CV:

2007 PhD Bessy, Germany

2008 Posdoc, Bessy

2009 Group leader, Functional Materials / Soft Matter,
Helmholtz Zentrum Berlin

2010 Assistant Professor, Freie Universität – Berlin

Research: Investigating structure of chemical and
biological molecules in aqueous environments
