

Photoionization and autoionization of weakly bonded clusters

Uwe Hergenhan

Max-Planck-Institut für Plasma Physik, Garching, Germany

CV:

1996 PhD - Fritz-Haber-Institute

1996-1999 – postdoc, FHI, NSLS

2000- Staff Scientist - Max-Planck-Institut für Plasma
Physics, Garching, Germany

Research: Relaxation of electronically excited states,
electron spectroscopy, coherence in electronic transitions
and electron beams
