

Probing Ultrafast Molecular Dynamics in Solutions from the UV to the Hard X-ray Range

Majed Chergui

Physics, ETH-Lausanne, Switzerland

CV:

1981 PhD, Université Paris-sud, Orsay

1982-92 researcher CNRS, Berlin,
LPM-Paris

1993 Professor. Physics, U. Lausanne

2003 professor, ETH-Lausanne

Research: fundamental aspects of photo-induced dynamics in condensed molecular media and in biological systems; developing and using ultrafast x-ray techniques to probe structural dynamics in liquid systems
